

# Namdhinggo - Character Set Support

Namdhinggo supports the Limbu script, the dandas from Devanagari, and a basic set of Latin characters. A selection of characters from the General Punctuation block (such as various-sized spaces, dashes and quotes) are also supported.

Inclusion of a basic Latin repertoire is provided as a convenience, e.g., for use in menus or for displaying markup in text files. These fonts are not intended for extensive Latin script use.

## Supported characters

The following character ranges are supported by this font:

| Unicode block                 | Namdhinggo support                                                                                                                             |
